MINUTES OF REGULAR MEETING
JUNE 4TH, 2015
6:00 PM**

The Medina Township Board of Trustees met in regular session at the Medina Township Hall on June 4th, 2015, to conduct the business of the Township. Chairman DeMichael called the meeting to order at 6:02 pm with the following Trustees in attendance: Ken DeMichael, Ray Jarrett and Bill Ostmann. Also in attendance were the Fiscal Officer, Fire Chief, Police Chief, Road Foreman, Zoning Inspector and the general public.

Amy Lyon-Galvin – Medina County Solid Waste Management Plan

Ms. Lyon-Galvin gave an update on the ratification process of the plan and answered questions from the audience regarding the Medina County Solid Waste Management District 2016-2030 Solid Waste Management Plan Summary. The plan (400 plus pages on a CD) was previously given to the Trustees to review. Ms. Lyon-Galvin said it is the final plan that the Solid Waste Policy Committee approved in April and it can no longer be changed. That is why it was presented to the Trustees for a vote today. The ratification period concludes August.5, 2015, and they have to have 60% of the population vote yes through their governing bodies, inclusive of Brunswick, because they are the largest political subdivision. They have ten (10) townships and two (2) villages that have approved the plan. Mr. DeMichael read that there was going to be another plan down the road. Ms. Lyon-Galvin said that is true. Ms. Lyon-Galvin said they are required, by statute, to write a new plan every five (5) years but because of the good dialogue they were asked to make radical changes to eliminate flow control and then communities can institute curbside recycling which will make an impact on the volume left in the mixed waste. It takes two (2) years to write a plan. If they are successful with the ratification and adoption by the EPA, they have no later than January 23, 2016, to write a new plan instead of waiting five (5) years. Mr. DeMichael asked if this plan is not adopted that means we are not in compliance with the EPA. Ms. Lyon-Galvin said if this plan is not adopted then the EPA will step in and write our plan and we will lose local control and will not be able to make amendments to that plan. We will only be able to enforce what they dictate for us to do. They will hire someone to write the plan, we will be billed for that service, and we won't get the plan for two (2) years. We will then have to implement that plan for three (3) more years. In the meantime we will have to follow what is required of us from our 2009 ratified plan. Mr. Ostmann asked what the Cities are doing. She said Brunswick is taking it to their third reading and the actual vote is scheduled for Monday (June 8). Their council agreed to support it. There are things in the plan they don't like but they realize the benefit of adopting this plan. Medina City Committee of the Whole voted 6 to 1 not to take it to council for a reading. The three (3) cities, Medina, Brunswick and Wadsworth, only make up 47% of the population so we can still get 60% without them. Alliss Strogin (3003 Hood Road) said even if we do all this recycling ourselves we are still paying \$80.00 every quarter to our trash hauler. Ms. Lyon-Galvin said there is nothing that they can do. They have lowered their tipping prices to \$45.00. Dianna Huffman (4025 Remsen Road) asked if the haulers are going to reduce their rates and asked how many employees were let go from the recycling center. Ms. Lyon-Galvin said they are talking with the haulers regarding lowering their prices. She also said about seventy (70) people were let go but they are working with them to find other jobs. With this new program they have already hired back fifteen (15) of those people. Mr. Jarrett thanked Ms. Lyon-Galvin for working with the committee in putting this draft together and that he is all for the sorting facility to put people back to work. Sally Gardner (3333 Foskett Road) asked when the bins would be available. Ms. Lyon-Galvin said the bids for the bins are being reviewed and hope to be installed by the end of June.

Mr. Jarrett said ODOT will hold another public meeting this Fall and residents and business owners will be informed.

NEW BUSINESS

Resolution for Moratorium on Zoning Requirements

Trustees said this moratorium is no longer necessary so it will be taken off the agenda. Mrs. Strogan said she spoke to the new representatives from ODOT and updated them on the issues with the islands on Route 42 and explained that the pending litigation with some of the businesses on Route 42 was because there was more damage being done to their properties than they had expected. Respectful Internment has only repaired four (4) headstones, hasn't been seen in the last few weeks and hasn't returned her e-mail.

Sally Gardner (3333 Foskett Road) said she has resigned from the Board of the Weymouth Preservation Society to isolate the organization from her discussion of the ballfields and the Remsen building. If the Trustees are thinking of selling the Remsen building because of little return on their investment then they should apply that to all Township investments.
