He felt it was insulting especially because of all the things the Trustees do for them, you know, the Weymouth Preservation Society. Mr. DeMichael said he thinks it's a shame because there are a lot of other communities, smaller communities within our community that would probably be grateful for all the things that we've done for them. Mr. DeMichael said, to make matters worse we got an apology e-mail, and this is a matter of public record as well, stating she apologized for saying that but then went on to say we weren't doing our jobs correctly, is how I took it, and I kind of took offense to that. I think Susan should probably run for Trustee, if not this next time around run against me a few years from now. Voting aye thereon: Mr. Ostmann, Mr. DeMichael and Mr. Jarrett.

Mr. Jarrett asked Mr. DeMichael and Mr. Ostmann if they met with the Mayor (Hanwell) and they said yes. Mr. Jarrett said there will be no discussion regarding their meeting with the Mayor at the workshop if you understand that because we have not proceeded past our first meeting. The time will be 7:00 pm. The workshop meeting regarding a new Fire Department will be advertised.

### **Road Department**

Superintendent Miller said the restroom/concession stand project is coming along. The rough plumbing was finished today and the electrical should be done the first part of next week.

## **NEW BUSINESS**

Mr. Ostmann said a letter was received from the SPCA asking for a donation to help defray the cost for the care of the thirty-four (34) animals that were rescued. The amount was \$8,079.18. Mr. DeMichael asked what was paid last year and was told \$1,280.00. Mr. Jarrett asked if the addresses were verified and was told yes. Mr. Jarrett said this year's amount of animals rescued decreased from last year. The Trustees tabled this item until the next meeting. The Secretary will send them the previous year's information.

Mr. Ostmann motioned to approve the January Supplemental Appropriations. Mr. DeMichael seconded the motion. Voting aye thereon: Mr. Ostmann, Mr. DeMichael and Mr. Jarrett. ### **Certificate of the Total Amount From all Sources Available for Expenditures & Balances**

Mr. Ostmann motioned to approve the Certificate of the Total Amount From all Sources Available for Expenditures & Balances and this is a two (2) page document and I will incorporate this by reference. Mr. DeMichael seconded the motion. Mrs. Ventura said that that may change by about \$1,000.00. She e-mailed Mary Beth but she is on vacation so one purchase order was able to be shut out for 2016 so we actually have a little bit more money but I don't know if it is too late to get it to her so if it was then that just won't be freed up until 2018 but you may have to re-sign something. Voting aye thereon: Mr. Ostmann, Mr. DeMichael and Mr. Jarrett.

### **Approval of Medina Township Inventory**

Mr. Ostmann motioned to approve the Medina Township Inventory for 2016. It is a total of thirteen (13) pages and the total amount is \$3,951,055.60. Mr. Jarrett seconded the motion. Voting aye thereon: Mr. Ostmann, Mr. Jarrett and Mr. DeMichael.

### **Linda DeHoff Letter of Resignation**

Mr. Ostmann read the letter of resignation from Linda DeHoff (see attached). Mr. Jarrett said a letter was received from the Prosecutor's Office regarding an inquiry into Linda DeHoffs operations as Township Administrator. Mr. Jarrett said our Fiscal Officer made that inquiry regarding the OPERS contribution and the Bureau of Workers Compensation premiums. The Prosecutor's summary stated that the OPERS Contributions and the Workers Compensation premiums paid by the Administrator appear to be legitimate obligations of the Township. The actions of the Administrator reflect a lack of communication but do not in our view constitute a violation of law. Mr. Jarrett said so there is no violation. Mrs. Ventura asked that he read the rest of the letter. Mr. Jarrett continued saying, for future reference, be advised the Fiscal Officer is invested by statute with responsibility for the finances of the Township. Any and all information that comes to the Township relevant to that function must be forwarded to the Fiscal Officer's attention and no financial transactions should be carried out without the Fiscal Officer's authorization. We hope for and strongly encourage a cooperative and transparent relationship among individuals serving Medina Township. Mrs. Ventura said she just wanted to present this and you guys can go over it at your leisure. These are the last four (4) audits. Clean bill of health is not the words that, well first of all they would never say that and basically they have findings, every single audit there were findings, they mean there were problems. I don't want to pick on anyone because they're there to make us do better work so they look for things but to say that there was a clean bill of health and that her audits always came back... they didn't. Mr. Ostmann asked if she was going to leave the documents where Trustees can review them and she said yes and she had highlighted each of them.

### **2017 Budget Workshop**

Mr. Ostmann asked Mrs. Ventura when she wanted to hold the budget workshops and if she wanted one (1) or two (2) workshops. Mrs. Ventura said she was fine with one (1) because she is going to meet with each department head and go over their budget requests. She also asked if Trustees wanted to wait until they got the final certificate back from Mary Beth or did they just want to go on. Mrs. Ventura said we might as well just meet because Mary Beth is not going to change much but, it's up to you guys. Mr. Ostmann said that is fine and Mr. Jarrett said whatever you want to pick. Mrs. Ventura said they won't have the certificate back. The budget meeting is the third Friday of the month so we won't be getting that certificate until the week of the 20<sup>th</sup> or later and she feels it is better to get it done sooner than later. She said the temporary appropriations take us through March 31 so we are not in a hurry to do this. Also, the Bureau of Workers Comp has a new program and why we had to make the payment in January. We have to do something call Tru-Up by the 15<sup>th</sup> where we have to report to them what our total annual salaries were last year and we may end up owing them money at that point if it is not correct and we don't have any money in the BWC lines. Mr. Jarrett said that could be appropriated before you ask the department heads to submit their wish lists and he would like to see their lists before the budget workshop. The Trustees and Fiscal Officer set the Budget Workshop for February 27, 2017, at 5:00 pm.

**PUBLIC COMMENT**

Mr. Ostmann motioned to open the floor for public comment. Mr. Jarrett seconded the motion. Voting aye thereon: Mr. Ostmann, Mr. Jarrett and Mr. DeMichael.

Susan McKiernan (3306 Old Weymouth Road) said the Weymouth Preservation Society has a new web page under Weymouth Preservation Society.com. There will be a tea fundraiser at the end of April. The vinyl accordion doors will be replaced with old fashioned wooden ones. We are members of the Northeastern Ohio Inter-Museum Council, the Historical Council in Medina County and a local history alliance with the State. The next exhibit will be boys and girls toys from 1820 to 1900. Bicentennial projects for the Township include historic homes plaques. We will have a cemetery tour in the fall and a potluck. Weymouth Ohio has a facebook page. There have been good comments regarding the restroom/concession at Blakslee Park. She asked the status of the Rita Holt Park since the sign is gone. Mr. Ostmann said they do not have any funds to create a park. There are conservation easements on it right now. Mr. Miller said he thought it was leased to the County and they were going to make it into a park.

Mark Radice (4036 Stonegate Dr.) asked the status of the sale of the school. Mr. Ostmann said it is in the hands of the attorneys and the finalization is close.

Jim Traynor (4004 Remsen Rd.) congratulated the Board for hiring Bill Thorne as an attorney for the Township especially for the Zoning Commission because questions can be answered the same evening. He also thanked Susan McKiernan for all the work she has done to preserve the history of the Township.

Matt Galla (3503 Hamilton Rd.) asked why \$30,000.00 was spent for an architect for the Fire Department. Mr. Jarrett said it was for a shovel ready site plan and an overview of what the building was going to look like. Mr. Galla asked if they are planning on building that \$3 million dollar station. Mr. Jarrett said the Board has not determined that yet. Mr. Galla asked what the \$8,000.00 for drilling was for. Mr. Jarrett said the drilling was for an offsite location in case the other location does not work. Mrs. Ventura said the amount for the drilling was only \$4,000.00. Mr. Galla asked if they plan on moving the current fire station. Mr. Jarrett said a determination has not been made by the Board and they are in negotiations with other entities regarding collaboration and that cannot be discussed publicly. Mr. Galla asked if we have a levy for this and was told the Board has not determined financing or any levies yet. Mr. Galla does not feel there is a need for a \$3 million dollar Fire Station or a levy. Mr. Galla asked why they bought a new engine to replace an old one, used it as a backup and then sold it to Litchfield Township. Chief Crumley said we replaced the engine and used the old one for reserve in case the truck breaks down. The truck sold to Litchfield was a tanker. We take care of our vehicles.

Mark Radice (4036 Stonegate) asked Mr. Galla what happens when a semi breaks down on the highway. Mr. Galla said you would call for repair. Mr. Radice asked what you do if a fire truck breaks down during a fire.

Gary Vene (3803 Hamilton Rd.) said Fire Departments don't just handle fires, they do Haz-mat, ems, technical rescue. A Fire Department is called upon to do many things. He also asked if Linda DeHoff had a pattern of making mistakes or was it just one time. Mr. Ostmann said as far as he knows, no. They will review the audits. Mr. Vene asked what they are looking for in the soil samples they are taking, is it for a one (1) story or two (2) story building.

Mark Roberts (3496 Old Weymouth Rd.) stated he was at the station today and they completed their fifty ninth (59) calls for service. When residents dial 911 they expect service. Mr. Roberts said they also spent five hours today doing maintenance on broken trucks.

Robin Gray (4074 Remsen Road) asked if our Fire Department responds to calls outside of the Township. Mr. Ostmann said yes when mutual aid is asked for. She asked how often that happens and Chief Crumley said it happens a couple times a month and stated that we also ask for mutual aid when we need them. She asked if the supplies and labor for the mutual aid come out of our Fire and Police funds. Mr. Ostmann said yes and when we use them they reciprocate. She asked if our taxes are being used for other Townships. Chief Crumley said no, he doesn't think they have been on a mutual aid call more than three (3) hours.

## **PUBLIC COMMENT CON'T**

Robin Gray (4074 Remsen Road) asked if they think that all these new Fire Departments being built in the county are because they are bringing the Nexus pipeline through our community for the industrialization of the county. Chief Crumley said no, the building of new stations in the county is to replace old stations. She said it is our property taxes that are paying for this.

Mark Radice (4036 Stonegate Dr.) said we all can agree, as the Fire Department we just want it to go to the voters, educate people and let them decide. We're not asking for anyone to sign off on something they are not comfortable with but we're asking for the chance.

Robin Gray (4074 Remsen Road) feels it is wrong for Trustees to come out of Executive Session and make payments when there is no audience left in attendance to hear about the payments. Mr. Jarrett said they do purchase orders in the middle of the meeting. Ms. Gray and Mr. Galla said they want them to be transparent when they approve purchase orders. Mr. DeMichael said that was because they had an Executive Session to discuss the contract, which we did, and when we came out of Executive Session is when we can make that decision. He said if you like Trustees can have public comment after Executive Sessions and we can approve any big expenditure at the next Trustees meeting if it is not time sensitive. The issue was that a bill came in as part of that service and they needed to approve it so it wouldn't be a then and now. Mrs. Ventura said the money was appropriated it just needed a purchase order opened. Ms. Gray said she is disappointed about how this has come about. It (fire station) is going to be a 19,000 square foot building, it is huge, and we taxpayers are going to have to pay for all this plus the people in it and it is a lot of future expense. She asked why the Mayor is involved in this. Mr. Jarrett said they are looking into all options to get the biggest bang for the services and I will protect the taxes as much as I can. He said the citizens will make the decision on that.

Gary Vene (3803 Hamilton Road) said Trustees should consider that sometimes the lowest cost is not the best cost. We should leave the community better than it was.

Mark Radice (4036 Stonegate Dr.) wanted to clarify that the Trustees approved the hiring of an Architect at a public meeting, it was never done behind closed doors. The \$30,000.00 was a payment that was coming at some point. He said the only thing Trustees did in Executive Session was discuss how they were going to appropriate those funds. Mr. Radice asked if Trustees ever had another group in the Township provide as much background as the Fire Department has done. Mr. Jarrett said they did their due diligence and he thanked the Finance Committee for meeting with the Fire Department and giving the Trustees an informed decision regarding other options. Mr. Jarrett said Trustees are looking at multiple operations, EMS and fire based and the Board has not made any determinations. Mr. Radice went on the record stating how much work the Fire Department has done for the last ten years on this project. Mr. Jarrett said the Board of Trustees did not rubberstamp the Finance Committee options and Trustees want to protect the taxpayer's money.

Matt Galla (3503 Hamilton Rd.) asked who was on the finance committee. Chief Crumley said it was Kay Kubusta, Bill West, Karen Fischer and Brigitte Painter. Chief Crumley said they had to educate them about the fire service because they had no clue about the fire service and they also wanted a committee that would ask hard questions.

Mr. Ostmann motioned to close the floor for public comment. Mr. DeMichael seconded the motion. Voting aye thereon: Mr. Ostmann, Mr. DeMichael and Mr. Jarrett.
