Beth Schnabel – President of Bike Medina County

Beth Schnabel gave a presentation explaining the need for township roads that are not frequently traveled at 45 mph for possible bike routes and named several roads. She presented Trustees with two (2) maps showing bike routes. The State of Ohio passed a law that motorists have to give bicycles a three (3) foot passage. ODOT has an official sign that is to be placed on roads that have been designated by Counties, Townships etc. Bike Medina County is recommending that signs are placed on the Township roads she has designated so that motorists who are using the roads recognize that this is a route that can be used more frequently by bikers to bring up their awareness. The signs are being donated for the whole county. Ms. Schnabel asked the Township to install signs on several roads. Mr. Miller will count them and give her an amount. Mr. Miller asked who will install the signs. Ms. Schnabel said they will provide the signs but are asking the Townships to provide the posts, hardware and installation. Mr. Stopa asked that she let them know how many signs will be going up so Denny can get a cost.

Mr. DeMichael said there are requirements coming and he asked Officer Justin Harvey if he saw the benefits for this now and Officer Harvey said yes, absolutely, there had been times when they had lack of radio contact with our dispatch, with other officers when we are in larger buildings or in a more remote area. There are times when he has gone to Brunswick City to pick up someone who has a warrant and we will lose radio contact with our dispatch. Having the ability to have contact with dispatch is a benefit. Mr. DeMichael asked if this will correct that. Officer Harvey said yes. Voting aye thereon: Mr. Radice, Mr. DeMichael and Mr. Stopa.

We also have a call in to our Frontier representative. If need be we will call customer service. Mrs. Ventura said she hoped they credit us when they see the ported over date. Mrs. Ventura also said only Celia can cancel things and she feels we should come up with a standardized letter that pretty much spells out who the new Board is and will give anyone the authority to do these kinds of things. Mr. DeMichael said there is an area on Huffman Road as you come over the hill; you can't see the vehicle which is a safety issue. Chief Arbogast said there are hazards that are not illegal and he is trying to come up with a solution. The Chief said one solution is to identify every road or at least areas of roads and you can decide on going from point A to point B on both sides and post them with no parking signs. The Chief has reached out to other Chiefs in other Townships to help him find a solution. Mr. Radice has asked the Chief to come up with at least a departmental policy for now to make sure we are stopping and asking them to move their trucks *inaudible until* we get a resolution to have everyone on the department *inaudible*. Chief Arbogast said every time we gets call we go out there and ask them to move *inaudible*.

Mr. DeMichael said we are applying for a grant to pay for a portion of it with the County. Mr. DeMichael asked if those were hard numbers and Mr. Miller said no, they are figuring about \$110,000.00 and we have to pay 26%. Gene Mizoris (3426 Hood Road) asked if there was a certain amount of feet a new road had to be from an existing structure. Mr. Miller will look into it.
